H.B. No. 389, HD 3, (SD 2)
H.B. No. 1004, HD 1, (SD 1)

H.B. No. 389, HD 3, SD 2:

Representative B. Oshiro moved that H.B. No. 389, HD 3, SD 2, pass Final Reading, seconded by Representative Evans.

Representative Thielen rose, stating:

"Thank you, very much. I will defer to Chair Ito and I probably will want to second his comments. So if I may defer to him please, and then if I may speak after."

Representative Ito rose in support of the measure and asked that his written remarks be inserted in the Journal, and the Chair "so ordered."

Representative Ito's written remarks are as follows:

"Mr. Speaker, I rise in support of HB389, HD3, SD2.

"Mr. Speaker, this measure will establish the "He'eia Community Development District", comprising of approximately four hundred five acres. Presently, this area is under the jurisdiction of the Hawaii Community Development Authority (HCDA). The Authority will serve as the local development authority of the district to facilitate culturally appropriate agriculture, education, and natural-resource restoration and management of the He'eia wetlands, in alignment with the Honolulu Board of Water Supply's most current "Koolaupoko Watershed Management Plan" and the City and County of Honolulu's most current "Koolaupoko Sustainable Communities Plan". In the past, water from Ha'ikū and 'Ioleka'a Valleys flowed into the 'ili known as Hoi, presently known as the "He'eia Wetlands", where wetland kalo was traditionally grown. Since the mid-1800s this area has been subjected to various land uses, creating intense erosion, flooding, and runoff during heavy rains, which have degraded the health and productivity of He'eia fishpond and Kāne'ohe bay. Today, the mangrove and hau trees that were planted upstream to control erosion are choking the stream and have reduced wetland habitat for native species.

"Mr. Speaker, the communities in and around the ahupua'a of He'eia have long advocated for retention of the He'eia wetlands for open space, conservation, and eventually a return to the productive agricultural use that once thrived there. Over the past half-century, there have been various attempts by landowners and others to develop these lands for purposes other than farming and conservation, and they have all been met with strong community opposition from the people of He'eia, Kāne'ohe, and Kahalu'u. Among the strongest advocates for preservation of these lands were Rocky and Jerry Kaluhiwa, from among the kupa'aina (grassroots) families, whose roots go back many generations of farming and fishing in the area. One day, Jonathan Kanekoa "Koa" Kukea-Shultz of the Nature Conservancy presented his proposal to Jerry and Rocky to develop a project that could restore the agricultural activity, incorporate cultural and educational programs, provide economic opportunities, and revitalize the communities that would re-connect with the area. It was an opportunity to bring back to productivity the rich lands that once were filled with kalo fields in ancient times. Meeting with Jerry and Rocky Kaluhiwa, Mahealani Cypher, Alice Hewett and others, a kupuna council was formed to help guide development of the plan for the wetlands, an 'ili known in ancient times as Hoi. Also brought into the kupuna council were Clifford Naea Kanae and other kupa'aina families closely connected to these lands. All of these participants represented active native Hawaiian community organizations, the Ko'olau Hui, the Koolaupoko Hawaiian Civic Club and the Ko'olau Foundation.

"Mr. Speaker, eventually, talks began with Mr. Tony Ching and the Hawai'i Community Development Authority. Mr. Ching readily saw the potential value of allowing a culturally-sensitive agricultural restoration of the land, and awarded a temporary consent of entry to the Ko'olaupoko Hawaiian Civic Club to allow a demonstration taro field to be established. This was done on the mauka portion of the property, just makai of Kahekili Highway. Acknowledging that a federally recognized non-profit was needed to pursue development of the plan, Kako'o 'O'iwi was tapped to assist with this kuleana. During the first planting period, the newly reorganized board of Kako'o 'O'iwi elected Jerry Kaluhiwa as its President, Mahealani Cypher as its Vice-President, and Alice Hewett as its Treasurer. Serving as Directors are Rocky Kaluhiwa, Christina Lucas, Jonathan Osorio, and David Henkin. Jonathan Kukea-Shultz was to serve as the executive director of the project they were developing for the wetlands, to be known as "Mahuahua Ai O Hoi" (the land of hoi flourishes and provides food).

"Over the past several years, the group has worked tirelessly to develop a comprehensive short- and long-term plan for re-establishment of the kalo fields at He'eia wetlands. In 2010 the HCDA awarded a 38-year lease to Kako'o 'O'iwi to allow development of an agricultural farm at Hoi. The group has received grants and worked collaboratively with government and private entities to develop formal plans and undertake research and other activities necessary to move forward on a large-scale clearing and planting of taro and other food products in the area. Kako'o 'O'iwi has pursued and received numerous grants, and continues to seek additional financial support to satisfy all permitting requirements and implement a master plan, now approaching the final stages of preparation.

"The major partners in the project today are Kako'o 'O'iwi, the Hawai'i Community Development Authority, the Ko'olaupoko Hawaiian Civic Club, Ko'olau Foundation, and the Nature Conservancy.

"Mr. Speaker, for these reasons I ask my colleagues to please support HB389, HD3, SD2."

Representative Thielen rose to speak in support of the measure, stating:

"Thank you. Thank you, Chair Ito. Mr. Speaker, I'm rising in support of this measure. The measure establishes the Heeiea Community Development District, and it will establish policies to guide the development of this community development district.

"By doing this is it will allow the community development district to be locally managed, and to be able to have appropriate agricultural, education, and natural resource restoration and management of the Heeiea Wetlands. It's a good way to treat this land. And it's a good way to bring the community members into the area and into the management of this area. So I encourage all Members to vote for this measure. Thank you."

Representative Chong rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker, in strong support and permission to insert written comments into the Journal. Thank you."

Representative Chong's written remarks are as follows:

"Mr. Speaker, I stand in strong support. This bill will allow the community to move forward on this important project for the Windward side. Mahalo."

Representative Wooley rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In support, and I'd like to adopt the words and written comments of the Representative from Kaneohe."

Representative C. Lee rose to speak in support of the measure, stating:

"Thank you. In strong support."

Representative Har rose to speak in support of the measure, stating:

"In strong support, Mr. Speaker."

Representative McKelvey rose to speak in support of the measure, stating:

"Thank you, Mr. Speaker. In strong support. I would just like the words of all the previous speakers, written and verbal, entered in the Journal as if they were my own. And although I'm a Maui 'bruddah,' I think what's great about this bill here is it offers a model for other islands in helping to preserve and protect our cultural wetlands and to reinvigorate. Thank you, very much."

The motion was put to vote by the Chair and carried, and H.B. No. 389, HD 3, SD 2, entitled: "A BILL FOR AN ACT RELATING TO LAND USE," passed Final Reading by a vote of 48 ayes, with Representatives Carroll, Ching and Tsuji being excused.

H.B. No. 1004, HD 1, SD 1:

At 11:52 o'clock p.m., the Chair noted that the following bills passed Final Reading:
